

## Pre-Camp May 29-June 1

### AM Classes

#### **My First Lab (Ages 3-5) by Mad Science**

**\$195**

Preschoolers will journey through the basics of science exploration and discovery. We'll study the basics of light, color, and the world around us. Through story-telling and even some sing-alongs, we'll travel step-by-step through awesome experiments. Take-homes will include a Pop Rocket , a Body Apron, and a T-Rex Tooth .

#### **Crazy Chemworks (Ages 6-12) by Mad Science**

**\$195**

Shake up a flask of fun in the lab as a junior chemist! The five days of chemistry are packed solid with cool reactions. Campers put on some goggles and change liquid to solid and back again. They get to handle laboratory tools, build and break molecules, and pick up some tricks on chemical changes.

### PM Classes

#### **Rookie Camp (Ages 3-4) by Triumph Sports**

**\$105 (Early bird discount price \$95 if registered by May 1, 2018)**

For the beginner athlete who is looking to try out lots of sports and have a great time. We will focus on sports like basketball, soccer, and kickball while also adding in activities for younger campers like a parachute, silly games, and lots of fun running relays/tag games. While the games and activities are active and will help any young athlete, the key to Rookies is enjoying sports and having FUN!

#### **Sports Camp (Ages 5-12) by Triumph Sports**

**\$105 (Early bird discount price \$95 if registered by May 1, 2018)**

Delivers all your favorite games like Dodgeball, Kickball, Capture the Flag, and Steal the Bacon while still looking back at the classics by mixing in games involving basketball, soccer, and flag football. This camp is fast-paced, filled with games your child loves, and will wear your child out because the main ingredient is FUN! The camp builds to the last day where we divide the kids up into groups for a big tournament. Every child attending camp will receive a free T-shirt.

## **Session 1**

**June 4-8**

### **AM Classes**

#### **Sprouting Scientists (Ages 3-5) by Mad Science**

**\$195**

Mad Science explores the way things grow in this “down-to-earth”, half day preschool camp. Learn about plants by dissecting seeds, making leaf rubbings, and creating farmable fruit and veggie prints. Investigate the world of worms...yes, WORMS! Put on your Bee-autiful Bug Costume and flutter by the camp as you learn about one of a flower’s favorite pollinators! Come see what the buzz is all about! You can even make your very own butterfly bracelets!

#### **Jr. Physician (Ages 3-5) by Idea Lab**

**\$165**

Little Doctors work on learning about what makes our body work. From learning about digestive systems and building working models of our lungs while studying the respiration process, our Little Doctors are engaged in learning throughout. One of the most popular camps each year with a fantastic turnout, as young campers explore the beginning stages of becoming a doctor. Starting with science exploration and experiments, as well as creative play, the campers enter the world of medicine. Don't have your doctor's bag with you? Don't worry you will after completing this camp. Campers will proudly carry a doctor’s bag filled with all the necessary tools as well as a graduation certificate as a graduate of Idea Lab Medical School.

#### **Five Star Writing (Ages 5-6) by Mrs. Bonnie Elrod**

**\$130**

Looking for something fun but still educational for your child to do this summer? Five Star Writing may be just the thing! This camp is great for those kiddos who are struggling with writing, as well as those just wanting to improve their writing skills. Novice writers will work on capitalization, punctuation, finger spaces, handwriting and sentence comprehension. Experienced writers will work on brainstorming, writing structure, detailing the body of writing, how to make writings ask questions, and how to use descriptive words.

### **PM Classes**

#### **Piggy & Elephant Come To Camp (Ages 3-5) by Mrs. Peggy Drake**

**\$130**

In Elephant and Piggie Come to Camp, campers will enjoy reading, hearing, acting out, making books, eating snacks, playing games, and creating crafts that correlate to the Elephant and Piggie books by Mo Willems. Some of the activities include reading and acting out some of the favorite Piggie and Gerald books, making Piggie headbands and puppets, and using paper mache to create bird nests.

#### **Preschool Spies (Ages 3-5) by Idea Lab**

**\$165**

Does your Jr. Scientist love problem-solving and mysteries? Then this is a camp for them! Through art and science activities our Preschool spies will learn all about making invisible messages to pass secretly and even how to make super spy glasses to keep an eye on things around them. Do you have a preschool spy that needs to sharpen their spy skills? If so this is the camp for them!

#### **I “CAN” Math (Ages 5-6) by Mrs. Bonnie Elrod**

**\$130**

Would you like for your child to love math? I “CAN” Math camp will help make that happen! Campers will be going over addition and subtraction, as well as place value, problem-solving and measurement, in ways that are fun and exciting, while improving their math skills.

## **Session 2** **June 11-15**

### **AM Classes**

#### **Junior Creator's Club (Ages 3-5) by Snapology**

**\$165**

Come watch your child and be amazed with what they create in this class. Preschoolers and Kindergarteners can participate in various creative play activities designed to promote the creative, social and expressive skills of children. You'll be amazed at the improvement you'll see in your child's fine motor skills after just a few classes.

#### **Time Travelers (Ages 3-5) by Idea Lab**

**\$165**

A blast from the past! Jump on the IDEA Lab time machine and land in the mysterious land of China thousands of years ago. During your time travels, you will learn about different ancient cultures and explore their time periods through various art projects.

### **PM Classes**

#### **Oceans (Ages 3-5) by Mrs. Tammy Caffrey**

**\$130**

Come explore Gods beautiful oceans with me! We will be reading, watching, investigating, creating and eating all things ocean! Every day we will make an ocean themed snack and you will make a new creation to bring home.

#### **Messy Science Camp (Ages 3-5) by Idea Lab**

**\$165**

Who says science can't be fun and messy!? Mushy and messy creative explorations for the child who loves to get their hands goopy! Children will brew recipes for all sorts concoctions blubbers and slimes, and other satisfying science mixtures, all the while learning about the properties of ingredients and what they can do when combined.

## **Session 3** **June 18-22**

### **AM Classes**

**VBS (Ages 4-11) by First Colony Church of Christ**

### **PM Classes**

**A Dr. Seuss Extravaganza (Ages 3-5) by Ms. Pam Joyner**

Come join us as we enter the wonderful, whimsical world of Dr. Seuss! Expand your love for reading all things Seuss as we play games, participate in fun activities, make fantastical crafts and enjoy snacks, all related to our Dr. Seuss book of the day. Great memories are sure to be made, because "If you never did, you should. These things are fun. And fun is good!" (Dr. Seuss)

**ABC & 123's (Ages 3-5) by Snapology**

**\$165**

Learning was never this much fun when I was a child. Children will learn their colors, shapes, letters and numbers using DUPLO® bricks and other interactive learning toys during this fun program. This program is designed to reinforce the current curriculum being taught to preschoolers. To strengthen their knowledge in a playful manner, children are engaged in both structured and imaginative play during each session.

**Sports Camp (Ages 5-12) by Triumph Sports**

**\$135 (Early bird discount price \$125 if registered by May 1, 2018)**

Delivers all of your favorite games like Dodgeball, Kickball, Capture the Flag, and Steal the Bacon while still looking back at the classics by mixing in games involving basketball, soccer, and flag football. This camp is fast-paced, filled with games your child loves, and will wear your child out because the main ingredient is FUN! The camp builds to the last day where we divide the kids up into groups for a big tournament. Every child attending camp will receive a free T-shirt.

**Cooking with Corey (Ages 5-9) by campus Minister, Corey Waters**

**\$160**

Students will learn safety habits and how to mix and measure ingredients. You will learn to use your culinary and math skills to make pizza, pancakes, cookies, and healthy snacks. All while learning about God.

## **Session 4** **June 25-29**

### **AM Classes**

#### **Junior Engineer (Ages 3-5) by Snapology**

**\$165**

Young students build fun and simple models using DUPLO® blocks. By playing with and manipulating the models, they experience pulleys, levers, gears, wheels and axles while exploring energy, buoyancy, and balance. Classes include free-building time to promote creativity.

#### **Jr. Chemists (Ages 3-5) by Idea Lab**

**\$165**

Welcome to the bubbling world of chemistry! In an Idea Lab science lab you will be introduced to concepts and experiments to familiarize you with the techniques and basic concepts of Chemistry. From making a bubbling potion experiment to learning all about molecules and even making some fun and yummy edible molecules this Jr. Chemist camp is for you!

### **PM Classes**

#### **More Than a Box (Ages 3-5) by Mrs. Carolyn Eye**

**\$130**

O the places to imagine and the projects to do! Paint, cut, draw and doodle, with boxes, tubes, and glue. Come and make projects, with games, art, and more. We'll use our imagination, and let our minds soar!

#### **Super Hero Science (Ages 3-5) by Idea Lab**

**\$165**

It's a bird it's a plane it's an Idea Lab Super Hero! Come harness your superhero powers at our exciting day camp. Calling all Superheroes! Become a caped crusader as you work on your superhero gadgets while wearing your superhero gear. A science journey for the littlest super heroes as they discover the science behind Kryptonite Slime, Batman's Toothpaste and much more. Discover invisible powers, build and race your Super Hero racers while you battle your superhero nemesis. Yummy superhero cooking that touches on the science of edible chemistry – all in Super Hero style.

## **Session 5** **July 2-6**

### **AM Classes**

#### **Kinderbots (Ages 3-5) by Snapology**

**\$165**

Children will begin to explore the world of robotics as they build simple models that teach the fundamentals of robotic design. Whether learning about sensors while building drills and magic wands or discovering ways that gears and pulleys create movement while building helicopters and robotic dogs, your child is sure to have a great time.

#### **Mystery of the Missing Muffin (Ages 3-5) by Idea Lab**

**\$165**

When our Idea Lab Muffins go missing our Idea Lab STEAM Team is on a mission to find them! Sharpen your camper's logic and reasoning with brain puzzles and mysteries surrounding the Idea Lab Muffins.

### **PM Classes**

#### **Storybook Summer (Ages 3-5) by Idea Lab**

**\$165**

Explore your favorite stories and fairytales through art and cooking Each day follows a classic children's storybook and yummy recipes related to them. Take a journey with us on our cooking adventure! Campers will jump from story to story, fairy tale to fairy tale discovering ways to cook magical recipes. Short stories and videos will be used to help tell the story of the enchanted recipes the campers will be cooking. Be sure to come with an empty stomach, and a mind filled with curiosity. We'll eat happily ever after.

#### **Dinosaur Discovery (Ages 3-5) by Idea Lab**

**\$165**

Many centuries ago the land of IDEA was home to scores of species of dinosaurs. Evidence of these amazing beasts can be discovered in our very own dinosaur ridge. Spend the week learning about these amazing beasts, creating fossils, learning to classify bones, digging for fossils and assembling dinosaur skeletons. Warning giant volcanoes will be erupting! All junior paleontologists welcome.

## **Session 6** **July 9-13**

### **AM Classes**

#### **Animals with Attitudes (Ages 3-5) by Idea Lab**

**\$165**

Animals are all different just like us! Come and learn all about animals and their mannerisms. A Science and Art exploration based around the cutest and cheekiest of all animals. Our nature investigators will learn about habitats, animal habits and what makes these pretty amazing creatures have a larger than life attitude. A true STEM camp for our youngest campers.

#### **Jr. Jedi Training (Ages 3-5) by Idea Lab**

**\$165**

Get your lightsabers ready for Jedi Training. Get your lightsabers ready we're training new Idea Lab Jedis! Being a Jedi is more than fun, it's science also! Learn how Jedis fuel and maintain their bodies. Do some fun and exciting Jedi experiments. This camp is great for the little Jedi in your life.

### **PM Classes**

#### **Cool Construction (Ages 3-5) by Idea Lab**

**\$165**

Dig, Build, Explore! The world around you is so vast these cool construction art and science projects will keep your campers mining all day! These crafts and science projects will teach our campers all about construction! From breaking ground to building buildings

#### **Pet Vet by Idea Lab (Ages 3-5) by Idea Lab**

**\$165**

Want to be a vet? From putting on Lab coats to learning about injuries, this camp will give you a chance to learn a bit about caring for our pets. You will get to learn about how pet's bodies work and how to care for them when they are sick! From building your own Veterinarian Kit to learning about pet care, you will learn while having an amazing time. Campers will proudly carry a veterinarian bag and the graduation certificate as a graduate of Idea Lab Vet School. Want to be a vet? ## Session 7 July 16-20

### AM Classes

#### **Sprouting Scientists (Ages 3-5) by Mad Science**

**\$195**

Mad Science explores the way things grow in this “down-to-earth”, half day preschool camp. Learn about plants by dissecting seeds, making leaf rubbings, and creating farmable fruit and veggie prints. Investigate the world of worms...yes, WORMS! Put on your Bee-utiful Bug Costume and flutter by the camp as you learn about one of a flower’s favorite pollinators! Come see what the buzz is all about! You can even make your very own butterfly bracelets!

#### **Basketball (Ages 5-9) by Coach John Andrews**

**\$130**

This camp is designed for all skill levels and will cover all the aspects of the game. Students will work on skills, team building, and character development. Must bring your own basketball.

#### **Art (Ages 7-14) by Tracy Reed**

**\$280**

Join us as we discover several art mediums. Students will make their very own paper mache flying pig, a beautiful and magical rainstick, and learn all the secrets about the trendy “fluid painting” rage as they create their own fluid painting masterpiece. Please dress in old clothes and prepare to get messy hands during the paper mache process.

### PM Classes

#### **Cardio Blast Dance (Ages 3-5) by Fitness 4 Tots**

**\$165**

This is a high energy, fun dance class where boys and girls will learn cool, modern dances. Your child will get excited about exercise while jamming to fun, upbeat dance songs! Elements of jazz, Zumba, and hip hop will be infused into the Cardio Blast Dance Camp! There is no performance, so no pressure! Campers will be excited about exercise and develop increased balance, coordination and self-esteem as they move those dancing feet in our high energy super fun Cardio Blast Dance Camp!

#### **Basketball (Ages 10-14) by Coach John Andrews**

**\$130**

This camp is designed for the upper grades and is designed to work on skills, drills, and team building.

#### **Cooking with Corey (Ages 10-14) by campus Minister, Corey Waters**

**\$160**

Students will learn safety habits and how to mix and measure ingredients. You will learn to use your culinary and math skills to make pizza, pancakes, cookies, and healthy snacks. All while learning about God.

## **Session 8** **July 23-27**

### **AM Classes**

#### **Water Works (Ages 3-5) by Mad Science**

**\$195**

Water is more complicated than it looks and through this exciting camp, preschoolers will learn all about the different properties of water. They will learn about sea life, density and buoyancy! Children will experiment with dry ice and water, create their very own water art and discover how water can be the most powerful force on earth. We will make our own wave motion modulators, bubble wands and pet tornados to take home! Preschoolers will be amazed at how much they can do with WATER!

#### **Cooking with Corey (Ages 5-9) by campus Minister, Corey Waters**

**\$160**

Students will learn safety habits and how to mix and measure ingredients. You will learn to use your culinary and math skills to make pizza, pancakes, cookies, and healthy snacks. All while learning about God.

### **PM Classes**

#### **Extreme Agility (Ages 3-5) by Fitness 4 Tots**

**\$165**

This is the class for all aspiring athletes! This exciting program combines fun, high-energy agility activities such as agility ladders, hurdles, cone drills, obstacle courses, and team building activities along with learning skills and technique for different sports each day. The students will learn skills and play games related to soccer, basketball, throwing and catching skills, and we will teach the students the importance of stretching, and how to increase balance, flexibility, and relaxation through yoga... This camp is a blast... The students love the obstacle courses and have non-stop fun!

#### **Volleyball Camp (Ages 6-14) by Spike It Right**

**\$130**

All Skills volleyball camp focuses on the fundamentals of the sport and is geared to girls ages 6-14. Our highly experienced coaches focus more on the individual player and their skills at overhead/underhand passing, setting, hitting, and overhand serves. We have been working in the Sugar Land/Missouri City area for the past four years, providing quality developmental training and club volleyball experiences.
